Prepare for the unexpected

Galaxies and Fantasies is an eclectic collection of tales from master-storyteller Andy McKell, crossing genres from mythology to cosmology, fairytale to space opera, surrealism to hyper-reality. What they all have in common is a twist, a surprise, a revelation. Leave your pre-conceptions aside when you read these stories, prepare for the unexpected, the extraordinary, the unpredictable. Some are quite succinct and you'll be immediately wanting more; others are more elaborate, but deftly devised, and you'll be thinking about them long after you've finished reading. These are stories that will stay with you, not in a haunting way, but like a satisfying memory that often returns to encourage, enchant or enrich your life.

Andy was abducted by science fiction pulp magazines and fell in love with classic noir in his early teens. He worked in marketing, franchising, and computing in London and Luxembourg before launching his own web design company. In 2011, he sold the company and retired early to write, act, and travel.

His multi-genre short stories have appeared in various anthologies, he continues to develop science fiction novels, and has branched-out into classic noir.

He has little time for acting, these days. He hopes you enjoy reading the adventures of his imaginary friends.
